

About Sigma Technology Partners

Founded in 2007, Sigma Technology Partners, LLC is a multi-disciplinary Certified Public Accounting and an IT consulting company. We provide broad range of professional services to Government and private sector. As a leading Information Assurance services provider, we provide wide range of financial and performance audits and attestations, regulatory compliance services, IT/IS auditing, web enabled and business solutions.

The cornerstone of our practice philosophy is the delivery of solution-based, high quality services to our clients. This philosophy includes competence, integrity, objectivity, and exceptional problem solving skills by all professionals assigned to engagements. Sigma Technology has the experience and tools necessary to address the audit, accounting, and financial management challenges of our clients. Sigma Technology has developed a comprehensive framework for conducting audit and financial management services for our clients. This framework has been used successfully in all of our federal, state, and local Government engagements.
